Pertinent Paragraphs

"Scarface Al" Capone, Chicago gangster and racketeer, is in a Philadelphia jail where, if the fates are kind, he will remain for the period of one year. In sentencing Capone and a companion on their plea of guilty to a charge of carrying concealed weapons, Judge John E. Walsh of Philadelphia regretted that "they were not before him on a charge which would justify him ridding the United States of them both forever." If Chicago officials were constructed more on the order of Judge Walsh one more chapter in the bloody history of crime in America would soon be closed.

Los Angeles has again demonstrated her spirit of progress when Chief of Police J. E. Davis removed all speed limits within the confines of that city's boundaries. Operators of automobiles must, however, drive at a speed which does not endanger lives and which keeps them within the safety laws. Chief Davis says there are places inside the city limits which will permit a speed of 50 miles an hour. We would say that motorists are to be given credit for average intelligence, which is fine. In case the new ruling is responsible for an increased number of accidents, the old speed laws will again go into force—which is also as it should be.

Governor Young of California is the worst in the United States. We are just wondering if the governor is under the impression he stated something original.

Because experiments to study the action of drugs on the system soon wears out the natural heart, doctors at Halifax substituted a rubber heart for that important organ in a cat. Electrically operated, the rubber heart maintained circulation in the feline for several hours. Perhaps some day a human being with heart trouble may be able to have his ailing pump replaced with an A-1 rubber heart—maybe the men of science will even improve on the natural organ.

A bit of investigation on the part of the writer revealed to him the fact that one strong factor in the defeat of the incorporation measure as last voted upon in Campbell was the fear that the community government would, with incorporation, fall into the hands of "politicians." Worse things could happen—but in the case of Campbell such an idea is more or less without grounds, due, particularly, to the startling lack of politicians in this community. As a sound reason for voting down incorporation it falls flat on another count—that the people could elect whom they chose from among our abundance of honest, straight-thinking citizens. Witness the town of Hoopston, Ill. Their recently elected mayor is a well-to-do practicing physician who, by the way, serves his city for the magnificent remuneration of 50 cents per year. The aldermen, all reputable citizens, are content with 25 cents a year. Incorporation has been in effect for 17 administrations with practically no internal strife. It seems to us that Campbell stand-patters should think up a better excuse for voting down incorporation than

EXECUTIVES OF C. OF C. NAME COMMITTEEMEN

Meeting at the community hall Monday evening, the executive committee of the chamber of commerce selected their aides for the year.

T. A. Cutting of the police, fire and lighting committee, appointed Worthen Grattan and George Barnes.

R. G. Archibald, chairman of town and country co-operation committee, appointed B. O. Curry and E. R. Kennedy.

Dr. W. I. Merrill, health and sanitation chairman, named Dr. F. R. Anderson.

Herbert Shadle, chairman of public improvement committee, appointed Charles Berry and B. O. Curry.

S. Nic Hedegard of the highway committee named E. R. Kennedy and Horace Lea as aides and C. H. Whitman called on R. G. Archibald and G. E. Farley for assistance on the highway improvement committee.

The possibilities of forming a police district was discussed by J. H. Campbell, and C. H. Whitman reported on the recently held meeting at which it was unofficially announced that Union avenue would be paved this summer.

P. H. Dunlap of the membership committee went on record as being in favor of a drive for new members.

CAMPBELL WAS REPRESENTED IN FIESTA PADEDE

Local people who witnessed the Fiesta de las Rosas parade Saturday are aware that Campbell was well represented in that feature of the festival. The prettiest girl on the "queen" float was Miss Martha Carlson of this city.

The high school band, which had been for the previous six weeks without the guidance of their director, A. A. Thielke, due to the latter's illness, marched in excellent formation and let the folks know that their instruments were not merely taking third place, the Campbell high school and P. T. A. float, was one of the most attractive in the parade. Entitled "The Melting Pot," the tableau represented the flow of all peoples into the United States, and was manned by Ada Gardner as China, Wilhelmina Le Grande as Holland, Clara Rice as Persia, Alph Davidson as Germany, Helen Buck as Scotland, Ruth Bollinger as Turkey, Veva Nichols as Sweden, Geneva DiFiore as Spain, Cheyoye Kursaki as Japan, Annett Merrill as Bohemia, and Art Downing as Uncle Sam.

that advanced at the last incorporation balloting.

A 17-year-old high school youth of Portland, Ore., shot and killed another lad he thought to be a rival for the affections of a 16-year-old girl, classmate. He then inflicted what is probably a fatal wound upon himself. "Too much imagination," many people would say. We, on the other hand, insist that it is rather the outcome of a deplorable lack of that commodity. Think of a boy, only 17 years in this world, without sufficient imagination or originality to picture a long and pleasant life, even if forced to the tragedy of continuing without the lady of his heart. We have been through all that and recall that our heart recovered from such a blow with almost embarrassing rapidity.

That's all.

SANTA CLARA HI TRIMS CAMPBELL FIELD, TRACKERS

Among the track events staged last week was the clash between the local high school team and the Santa Clara lads. Santa Clara is in the unlimited class and therefore Campbell's defeat, 43 to 55, is nothing to feel hurt about.

Maxwell, Campbell, set a new record when he made the 100-yard dash in 10 1-5 seconds, beating the old mark of Yeager and Puccinelli by one-fifth of a second.

ALUMNI COUNCIL'S NEW OFFICIALS

The first meeting of the Campbell High School Alumni council was held at the high school Wednesday evening. Officers were elected as follows: president, Graham Peake; vice president, Daniel Yeager; secretary, Marion Austin, and treasurer, Roy Archibald.

Plans are underway for an entertainment to be held Saturday, evening, June 15, in the high school annex.

Monday morning Mrs. Lena Rodeck, Miss Mary Rodeck and Mrs. Ethel Davis accompanied Mr. and Mrs. Harry Doner to the latter's home at Covina for a brief visit. The Doners had been Sunday guests at the Rodeck home. Mrs. Rodeck and daughter and Mrs. Davis will visit at Long Beach and Los Angeles before returning to Campbell.

COUNTRY WOMAN'S CLUB NOTES

The concluding study program of the Country Woman's club presented Monday was one of the most interesting of the year.

Mrs. C. H. Whitman, Mrs. R. W. Kennedy and Mrs. Elizabeth Duncan were the committee in charge. Mrs. Duncan being absent on account of her recent operation.

The response to roll call was made by naming a book and its author, recently read by the member.

Mrs. Paul Clark of Willow Glen was then introduced and gave an unusually interesting talk on a trip which she and Mr. Clark made to "The Land of the Midnight Sun."

They visited northern Norway during its season of constant daylight and were at Kings Bay the day after Nobil, the explorer, had been rescued and brought into the harbor. An account of an annual football game at Tromsen was another very interesting bit.

Mrs. Clark has the happy faculty of painting word pictures of her experiences in such a way that her hearers travel with her and her whole talk was most delightful.

The Country Woman's club will enjoy its annual picnic Monday, June 3, at Congress Springs. Members and their guests will meet at the library at 10 o'clock. Each member to furnish dishes, including cups and utensils for herself and guests, also sandwiches and a dish for the table. The committee will furnish coffee.

Attention is called to the request of Mrs. Johnson, supervisor of the hall kitchen, for tea towels. It was voted that each member bring one to the picnic where they will be marked. Save the date—June 3.

Mr. and Mrs. Waco McCully of Sheridan, Wyo., spent the week-end here with Mr. and Mrs. Ira Abbott. Ira and Waco were boyhood pals, and the old swimmin' hole came in for an enjoyable rehearsal.

New Solicitor-General

Charles Evans Hughes, Jr., son of the former Secretary of State, who has been appointed Solicitor-General of the United States by President Hoover.

GORDON AINSLEYS WIN SWEEPSTAKES AT FLOWER SHOW

Sponsored by the Flower Lovers club, the flower show held during the rose festival at Kilmartin's auto show room in San Jose, was visited by thousands of people. On display were blooms from the valley's finest gardens.

Campbell was well represented by flowers from the gardens of Mr. and Mrs. Gordon Ainsley, whose display of bulbs was adjudged the best at the show. In addition to this, the Ainsley exhibit of Mariposa lilies, iris, amaryllis, ixia, peonies and delphiniums won the sweepstakes prize, a picture of the national capitol in cherry blossom time, given by Mrs. Herbert Hoover.

GRAMMAR OFFICIALS SPONSOR RECITAL

Wednesday evening music lovers of Campbell had the opportunity of hearing Phillip Gordon, internationally known pianist, who appeared as the guest artist at a piano concert at the grammar school auditorium. Mr. Gordon used, in his recital, an old piano—the instrument on which Richard Wagner composed the opera "Parsifal."

The concert was sponsored by school officials for the benefit of local music lovers.

Mr. and Mrs. Earl Gard came home last week after spending several months at Redlands, in the orange belt.

OUR MISTAKE!

In last week's issue of The Press there appeared a half-page ad bearing the names of the contributors of money to the new Scout-Campfire building no wonder construction. It was a fine ad—but here's the rub: An error on our part caused the names of several donors to be omitted. They are Dr. F. R. Anderson, Helen Nielson and Nancy Naylor. We also wish to announce that the name appearing as A. O. Putnam should have read O. A. Putnam.

TOWNSPEOPLE ARE SADDENED BY DEATH OF MRS. ROBINS

Mrs. Lulu Robins, wife of the Rev. W. C. Robins, pastor of the Campbell Methodist church, passed away at 1 o'clock Tuesday morning at the parsonage on Campbell avenue. Death followed an illness of several weeks.

Two years ago the Rev. and Mrs. Robins came to this city from Salinas, and during her life in this community Mrs. Robins endeared herself to all who knew her.

Surviving are her husband, and a daughter, Mrs. Stewart Peck of Oakland, two grandchildren, and a sister, Mrs. J. Boyd of San Francisco, who cared for Mrs. Robins during her last illness.

Funeral services were held yesterday afternoon at the Methodist church, the Rev. C. E. Irons of Turlock, an old friend of the family, officiating. He was assisted by the Rev. George Trudgeon of Willow Glen and the Rev. Carl Warner of Burlingame, both family friends. Interment was made at Oak Hill cemetery.

Following the services the sorrowing minister left with his daughter for a brief stay at Oakland.

DAMAGE SUIT IS SETTLED OUT OF COURT

The damage suit brought by Mr. and Mrs. A. Harris against "Hank" Roberts, pugilist, for the death of their 17-year-old daughter, Sue, who died of injuries sustained when Roberts' car, in which she was riding, hurtled through a store front in Campbell last November, has been settled out of court, according to reports. The claim was for \$50,876.30, and the amount of the settlement was not made known.

SERIES OF DANCES DEPICT HISTORY OF CALIFORNIA

Tonight at the high school gymnasium the Girls' League of the Campbell high school will interpret, through a series of dances, a part of California's history. There will be a small admission charge and the program will start at 8:15 o'clock.

PERTINENT QUESTIONS PRESENTED PARENTS OF PRE-SCHOOL CHILDREN

An interview this week
with Mrs. O. Norman-Bar-
rett, school nurse, revealed
that parents, who have chil-
dren who are about to enter
school for the first time,
should ask themselves a
number of questions.

"Among these questions,"
said Mrs. Barrett, "are the
following:—

"Is our child physically
fit to enter school?"

"Has he any defects, and
if so, how serious are they?"

"Is he growing? Is his
weight keeping pace with
his height?"

"Does he stand correctly
or does he droop?"

"Are his eyes all right
and can he hear well?"

"Is his skin clear?"

"Does he breathe through

A WORD ABOUT

Automobile Insurance

First—Stock companies do not require your signa-
ture to an appliaction for insurance. Don't attach or
sign your name to any contract or application unless
you understand its conditions.

Second—Read your daily paper and you will notice
suits are being filed and judgment rendered for
amounts as high as \$100,000. Cheap premiums cannot
pay expensive losses. Don't be fooled by the solicitor
who offer all sorts of plans that look as though they
were saving you money. Better be safe than sorry.

Third—The undersigned local agents are experi-

COTTON COMES BACK. CAPPER BACKS FARM BILL. COOLIDGE IS EARLY. WHY FARMERS LAUGH.

Cotton growers will be glad to hear that big department stores are specializing in cotton goods. "Cotton arrives" is the announcement of one store, biggest in New York, doing about \$90,000,000 a year.

"Dotted swiss," "pique" and "ginghams" are featured energetically.

"Often woman changes," the French say. Real or imitation silks have been the rage; now King Cotton comes back.

If Americans will advertise, and emphasize, "Cotton goods grown and made in America," instead of advertising "British cotton cloth," that will help.

Senator Capper, of Kansas, trusted by farmers, backs President Hoover's farm bill. He opposes the debenture subsidy plan, which would pay a bonus to exporting middlemen, cost the taxpayers heavily, and do the farmer little, if any, good.

Calvin Coolidge, as director of the New York Life Insurance Company, arrived twenty minutes ahead of time for his first director's meeting.

"Seest thou a man diligent in his business he shall stand before kings." The former President is interested in life insurance, not for profit, but for possibilities of public service. His day's work yesterday paid \$50; not much according to present ideas. But it is fifty times as much as Mr. Coolidge's father paid the black-bearded giant who earned in the Coolidge blacksmith shop \$1. a day fifty years ago.

Tears and laughter afford relief. Loud laughter, violent weeping, cause the mind to rest and bring temporary peace.

There will be farm-relief laughter in news that railroads have consented to lower freight rates on wheat flour from the Middle West to the Atlantic.

The notion that farmers will get more for their wheat when flour mills pay lower freight bills will make the saddest farmer laugh.

Relief for flour manufacturers is welcome. They are having a hard time, with chain stores regulating their profits.

But charging them ten cents less a barrel for shipping flour will not cause them to give farmers two cents a bushel more for wheat.

Relief for farmers and for many others will come from generally increased prosperity, and especially from sharing national wealth more widely.

American farmers once sold corn for less than the amount of the tariff now proposed.

Prisons have changed. One ancient hero, solitary in prison, had to encourage him only the example of a humble spider spinning and respinning a web as fast as it was torn down.

A well known oil magnate, jailed because he wouldn't answer Senators' questions, has the deeper, pleasanter inspiration of a blonde trained nurse.

In the Medical Department of the jail, this blonde lady works for the sick and suffering, and says to her oil man assistant, worth \$100,000,000, "Please hand me that iodine," or "Watch how I fix this bandage."

"Now I'll Tell One!"

By FRANK

THE mail order folks, the "bargain bunch" and some others have been bragging a lot lately about their prices on tires. Maybe you've got to sort of thinking that they had something on me, with my Goodyear Tires built by the world's largest rubber company.

So I'm going to bust right out here in meeting and "tell one" that'll hold 'em all for a while.

Folks, today at prices in line with mail order, "gyp," little known or the usual second-rate tires, I can give you a real "head-liner" in a guaranteed Goodyear.

It's as good looking as most of the highest priced types—and a better tire than many manufacturers parade as their best. Its new improved 1929 tread is a bear for mileage and hugging the road. It is the only low-priced tire with a genuine SUPERTWIST carcass. It's a "head-liner," I repeat—a real Goodyear Pathfinder and lifetime guaranteed!

The reason it has everything else skinned in its price class is this: Goodyear builds millions more tires than any other company and so enjoys lowest costs. Who else, therefore, is in position to equal Goodyear quality at Goodyear prices?

That's the answer—and don't ever let anybody else's "price" talk you out of The World's Greatest Tires!

GOODYEAR

Millions More People Ride On Goodyear Tires

OUR SERVICE—NO EXTRA CHARGE—includes cleaning and graphiting your rims, properly applying and inflating new tires, and watching over them for you to see that you get your money's worth in trouble-free miles. We're on the job, the year around, for our customers.

Coxey's Daughter
By Farmer Smith

General Jacob S. Coxey, head of the famous "Coxey's Army" of the unemployed, with his daughter Patricia at New York theatrical offices where she signed a contract to appear in a Ziegfeld production. The noted "glorifier" noticed Patricia while the latter was backstage, visiting a girl friend.

CAMPBELL MATRONS BRIDGE HOSTESSES

The charming Fig Tree tea room was the scene of another pretty social event Saturday, when Mrs. G. E. Farley and Mrs. Edgar Kennedy of Gilroy were hostesses to a group of local ladies.

Following an afternoon of bridge and some time spent in the lovely grounds, a dainty lunch was served at tables seating six or more. A pretty color scheme of yellow and green was carried out at the refreshment tables, in baskets of flowers and greenery, tall green tapers and nut cups.

Favors were awarded Mrs. C. W. Wolff, Mrs. Lawrence Neville and Miss Lois Gardner.

S. N. Hedegard made a tour of inspection of his rice farm at Newman Thursday, going from there to his dairy ranch near Modesto.

Mrs. E. K. Clendenning, state lecturer for the Grange, spent last week visiting granges in Modoc and Lassen counties in northern California.

Mrs. Emma Dalvitt of Winchester road has as her guests Mrs. Kate Travener and Harry Nocke, who arrived in Campbell from Pasadena last week.

Mrs. W. H. Stray and M. E. Mumma had charge of the Pundita program when that group met last week with Mrs. A. C. Anderson at her home on Polard road.

"BATTLING BLOWOUT" here

REFUSES RETURN BOUT WITH MILLER....

"Battling Blowout" is in town, ready to meet all opponents in his class. To date he boasts decisive wins over such second raters as "Frisco Flat," "Bim-Cut Red" and "Cheap Cord Casey."

"Blowout" is accompanied by his manager, Moore X. Pence, and his trainer, Les Milage.

When asked why he refused to consider a return match with Miller, the Akron heavyweight, the battler said he knew when he was licked and didn't choose to go out of his class.

"Dis Miller's a bear for punishment," groaned Blowout. "Just try and flatten him!"

Drop in and let us give you the inside dope on Miller, the Champion Tire. Miller can lick old man Tire Trouble at his best—or worst. And it doesn't take a big purse to enjoy the performance either. We can give you facts and figures that will end your tire worries for keeps.
